

Sorin-Cristian Agarlita was born in Craiova, Dolj, Romania, on March 16, 1982. He received the B.E. and Ph.D. degrees in electrical engineering from the University Politehnica of Timisoara, Timisoara, Romania, in 2005 and 2009, respectively. He was a Guest Researcher at the University of Cassino, Italy, Aalborg University, Denmark and University of Bologna, Italy in 2007, 2010 and 2011, respectively. From 2013 he was with Continental Automotive where he was involved in areas of software development for electrical actuators control. From 2023 he is with ZF Group where he develops software for inverters and charges for electric vehicles. His main research interests include modelling and control of electric machines and drives.
